

Major Projects

Step-by-step guide.

Procurement Hub

Procurement Hub is leading the way in creating innovative procurement solutions through a vast range of Dynamic Purching Systems as well as Frameworks. We pride ourselves on our expertise, support and the simplicity of our innovative solutions.

By signing up to Procurement Hub you are becoming part of the journey to lead and change the way procurement is carried out.

We have created solutions that make the procurement process as simple as possible for you. We take the uncertainty and offer certainty in a volatile market.

Major Projects

Major Projects is a unique, single source framework available to all public sector organisations. Members will have ready access to a responsible, auditable, fully risk managed solution for their major construction projects that will deliver cost certainty as well as full supply chain visibility that is continually managed, monitored and reviewed. Sign up at www.procurementhub.co.uk to become a member and access this solution.

Process

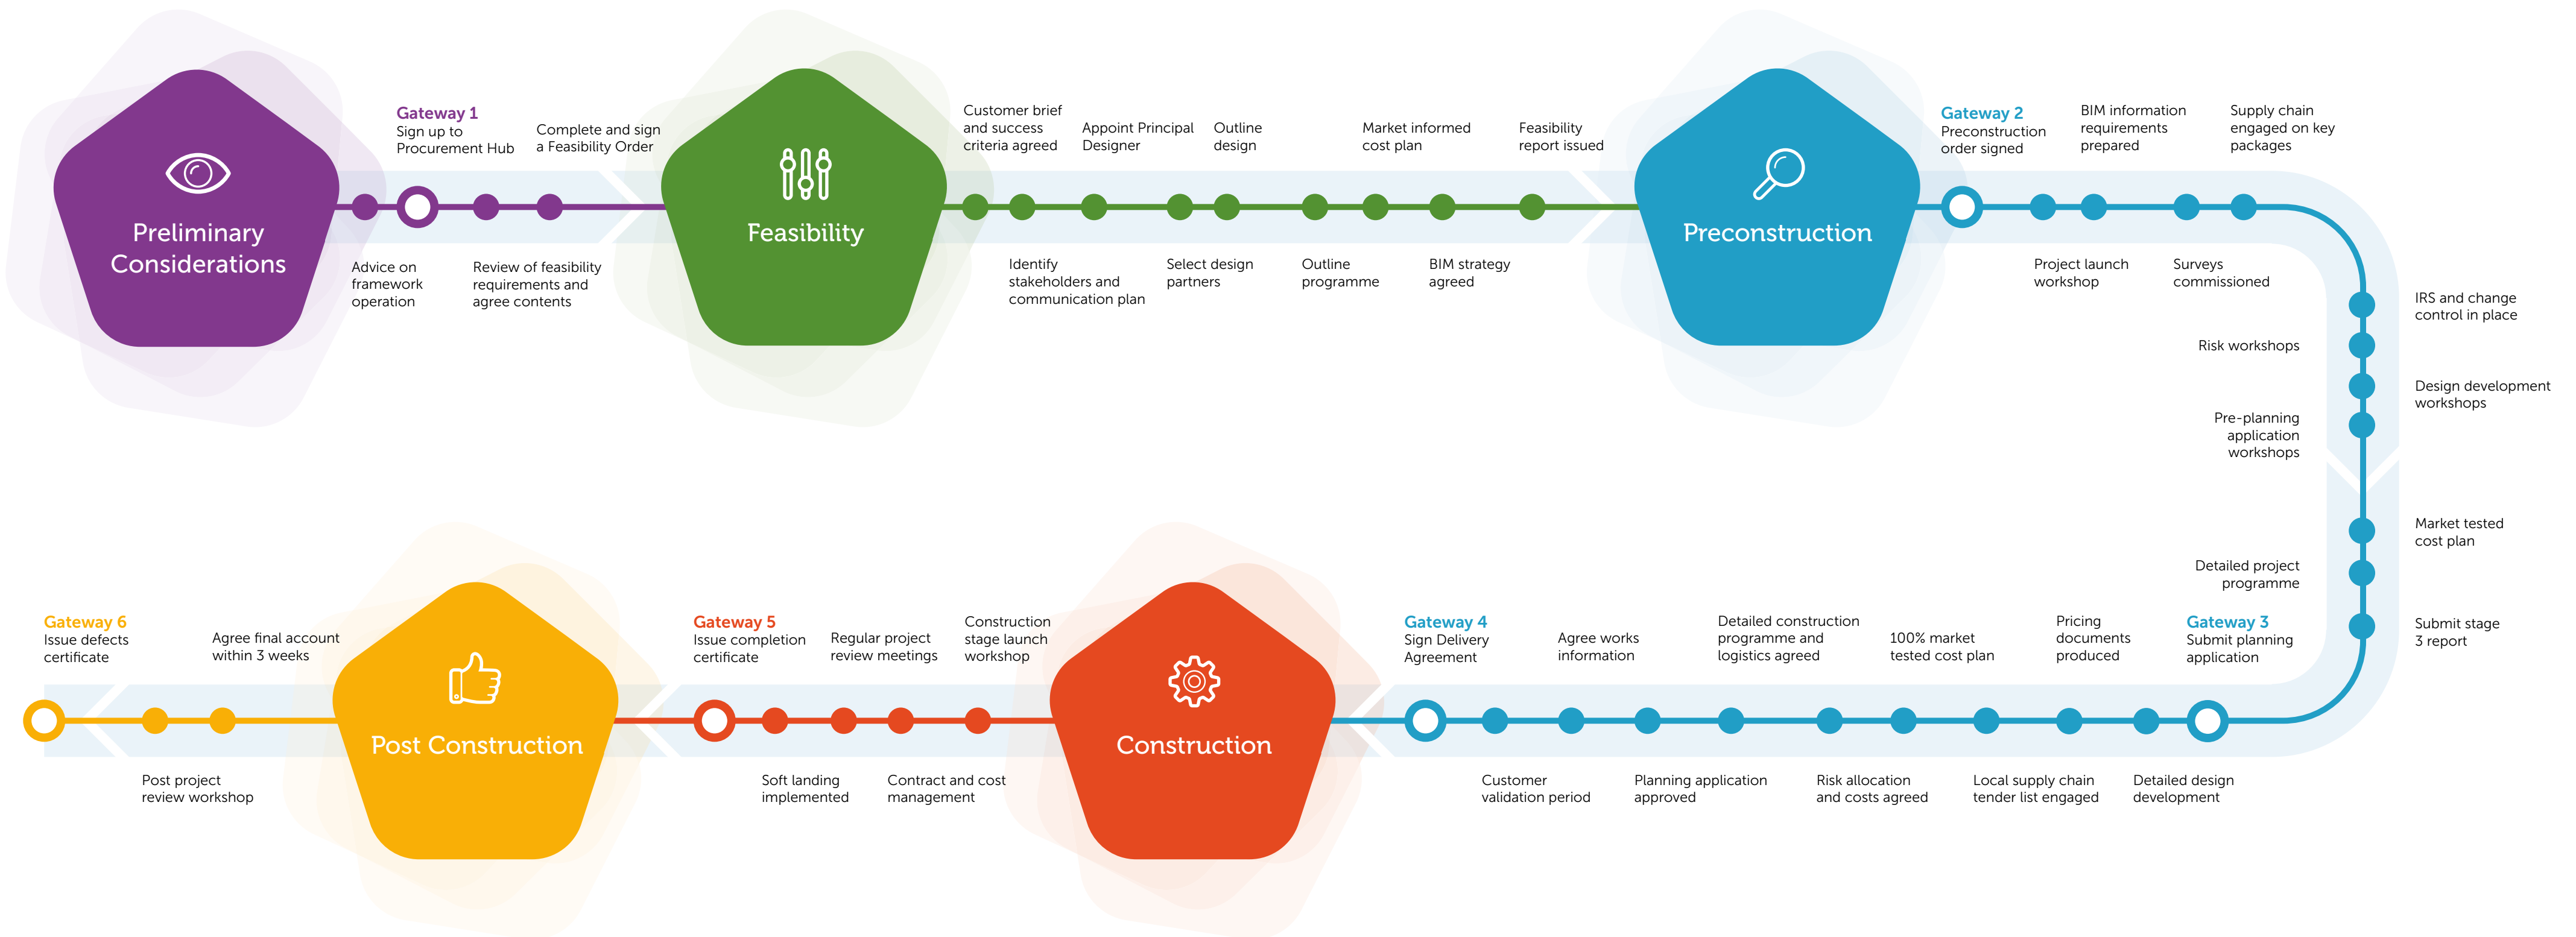

Major Projects is the fastest procurement route in the UK delivering absolute certainty for your projects through a transparent and robust process. There are simple and clear gateways for each of your major projects with rigorous checks required before each one can proceed to the next stage. Our free feasibility stage assesses each project's viability in line with your brief before you commit to the next stage of project procurement.

Major Projects

Step-by-step guide.
